

The G20 Principles for Developing Alignment Approaches

1

Ensure material positive contributions to sustainability goals and focus on outcomes.

2

Avoid negative contribution to other sustainability goals (e.g., through do no significant harm to any sustainability goal requirements).

3

Be dynamic in adjustments reflecting changes in policies, technologies, and state of the transition.

4

Reflect good governance and transparency.

5

Be science-based for environmental goals and science- or evidence-based for other sustainability issues.

6

Address transition considerations.
